2008 JANUARY > LOCAL AUTHORS BOOK SIGNING

An inspirational journal, a children's book, and a book to maintain the records of your child's health from birth to their 10th year. Three local ladies, with three very different but equally fantastic ideas for books, were out to sign their work for the public at the Kozlov Centre on December 15th, 2007. All three ladies have written and published these books completely on their own. Be sure to keep an eye for their books on the shelves of Coles, Indigo, Chapters and any other book stores in your neighborhood. Congratulations to Sandy Nascimento (My Thoughts, personal Journal) Jackie Jones (G-Bugs, the Gratitude Bugs) and Karen Melrich (Your Child's Health and Wellness Record) on the success of their hard-work and dedication!
